Dear Sirs:

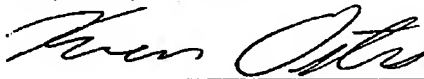

Attached please find the January 8, 2004 Corrected Filing Receipt. Applicants respectfully submit that the Priority Data and/or Foreign Application data is incorrect. The PAIR system similarly does not show the correct continuity data and correction thereof is requested. The original application contained the following paragraph:

The present application is based on, and claims priority from, provisional application serial number 60/221,716, filed July 31, 2000; U.S. utility application serial number 09/895,060, filed June 29, 2001; and Patent Cooperation Treaty application serial number PCT/US01/24017, filed July 30, 2001.

A Request for Correction of Filing Receipt was filed on February 11, 2002. The February 15, 2002 Response to Request for Correction of Filing Receipt clarified that the continuity claimed under 35 USC Section 120 cannot be added to the Filing Receipt without supplying the relationship. In response to the Response to Request for Correction of Filing Receipt, the attached Preliminary Amendment and Request for Correction of Filing Receipt was submitted (originally on November 25, 2002 - see attached postcard) and again on November 5, 2003 (see attached postcard). I submitted yet another request for correction to the GAU on January 6, 2004. If the suggested wording is not satisfactory, I would appreciate any guidance you could give me.

Please charge Deposit Account No. 50-2115 for any additional fees that may be required.

Respectfully submitted,

REMARKS

In response to the Response to Request for Corrected Filing Receipt dated February 15, 2002, applicants have amended the paragraph that sets forth the relationship between the current application and the priority documents. Specifically, applicants have clarified that the present application is a national stage application of Patent Cooperation Treaty (PCT) application No. PCT/US01/24017. PCT Application No. PCT/US01/24017 claims priority from both U.S. Patent Application No. 09/895,060 and U.S. Provisional Patent Application No. 60/221,716. If the present amendment is not adequate, applicants respectfully request clarification or direction on how to amend this paragraph to clarify the relationship between the documents.

Applicants respectfully submit that the priority data set forth on the filing receipt is incomplete and should be corrected. Based on the clarifications set forth herein, applicants respectfully request that a corrected filing receipt be issued.

Attached hereto is a marked up version of the changes made to the specification by the current amendment. The attached page is captioned "VERSION WITH MARKINGS TO SHOW CHANGES MADE."

Please charge Deposit Account No. 50-2115 for any additional fees which may be required.
